

PHOTOGRAPHY

Final Project: Photography Portfolio

1. Prepare a PowerPoint portfolio consisting of the following six photographs:
 - I. One image in which symmetry or repetition is displayed.
 - II. One image that clearly obeys the rule of thirds.
 - III. One image in which the mood is affected by use of lighting.
 - IV. One image in which the depth of field is small.
 - V. Two additional images of your choice.
2. Comment briefly on each of the photographs you have selected.

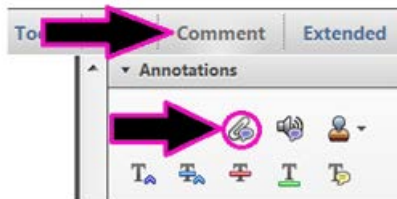

Notes:

- Although you may have worked on some assignments in groups, please ensure that you are the photographer for all of the images you submit.
- You are allowed to edit the images in any way you wish (crop, selective colouration, black and white processing, etc.)

Submit your portfolio

Attach your portfolio by following the instructions below:

1. On the **Commenting** toolbar located in the top right hand side of this page, click the **Annotations** tab and then the **Attach a File as a Comment** tool.

2. With the **Attach a File as a Comment** tool selected, click in the box below. The **Add Attachment** dialog opens. Navigate your hard drive to locate the file.
